New York - Team Finger Lakes		4								3		4							11	0.85	31

The Team Cup Award is given to a team of 10 or more athletes (donor recipients and living donors) who collectively have won the most medals per capita during the weekend. Three points will be awarded for a gold medal, two points for a silver and one point for a bronze. The total number of medal points will then be divided by the number of team members.

For each team sport medal won, the team will be awarded the points to one corresponding medal. For example, a basketball team of six members wins a gold medal. Each team member will receive a medal, but the team will only receive three points (the points equivalent to one gold medal) toward the Team Cup Award. Similarly, a volleyball team of 12 members wins a silver medal. All 12 members will receive a medal, but the team will be awarded two points toward the Team Cup Award.
